

## PTA Meeting Info

---

Educating children is a huge job. It takes the collaboration of parents, teachers, school staff and the community to help children and schools meet their goals. Olita PTA works to foster communication amongst all involved to help students have the best educational experience possible.

*NOTE: A PTA Membership is not required to attend PTA meetings, however, only those who have a PTA Membership will have their vote counted when items that require a vote are presented.*

These meetings generally last about 45 minutes to 1 hour. Child care is not provided but children *are* certainly welcome!

It is important to attend PTA Meetings for several reasons:

- Receive updates regarding our school, district and community that may impact our teachers/staff, students and families.
- It is required that items/decisions such as; large expenses, release of funds for activities/events and approval of vendors be presented for a vote to the Associative Members in attendance.
- Receive updated PTA financial reports
- Be in the know about upcoming events and activities
- Share your thoughts and suggestions and brainstorm to help solve problems

**PTA Meetings are held on the 3<sup>rd</sup> Thursday of each month. Please check the calendar and banners for the time! We will work to accommodate different schedules by varying the meeting times throughout the year. We hope to see you!**

**Your voice is important! Please come share it with us!**
